HYBRID EVENTS

VIDEO CONFERENCES AND VIRTUAL MEETINGS

Hold an event for a presenter alone or as a classic conference together with other people in the meeting room, which is broadcasted online - among other participants or teams.

LIVE STREAMING

One-way communication allowing you to watch a streaming event online via a web browser.

AUDIO-VISUAL SUPPORT

Anything from a stable internet connection, through microphones, audio and video transmission equipment to technical assistance is provided.

CONNECTION

We offer the possibility of using any preferred tool to connect.

ONLINE REGISTRATION

Organization of larger events can be tricky. Thanks to the registration software, we will provide a single platform for advertising, communication and attendee data management.
